Transcriber's Office  
FLOOR DEBATE

March 9, 2001            LB 346A, 346

SENATOR BROWN: Thank you, Senator. Senator Robak said that we should make these decisions each on its own merits, and I agree to a certain extent that that is true. I happen to believe that occupational therapy is an important profession. I think that the services that are provided in making sure that adults can develop in such a way that they can continue to be employed is important for society. And for that reason, I will withdraw this amendment and will vote on the bill. But I happen to disagree with Senator Robak very strongly that the people who care for our children are not equally as important as occupational therapy. Thank you.

SPEAKER KRISTENSEN: Senator Brown, you are requesting to withdraw? Thank you. The motion to return is withdrawn. Members, please take your seats. We are in Final Reading. Members, please take your seats. Mr. Clerk, LB 346.
